- If your claim is rejected, you will be notified in writing explaining the reason and requesting the necessary information needed to process your claim.

Top two reasons claims are denied

- Cancelled checks and credit card receipts are provided as proof of an incurred expense / purchase and
- The statement from the provider lists only payments made (does not list a description of the services rendered or does not list the dates of the services / purchases).

Per the IRS, receipts are required that show both a description of services / purchases and the date of the services / purchases.
