RE: Urban Water Management Plan Requirements Addressed

Dear Ms. Burke:

The Department of Water Resources (DWR) has reviewed the City of Santa Rosa's (City) 2015 Urban Water Management Plan (UWMP) received on June 22, 2016. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted UWMPs. In meeting this legislative reporting requirement, DWR reviews all submitted UWMPs.

DWR's review of the City's 2015 plan has found that the UWMP addresses the requirements of the CWC. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter acknowledges that the City's 2015 UWMP addresses the CWC requirements. The results of the review will be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the UWMP or urban water management planning please call Gwen Huff at (916) 651-9672.

Sincerely,

A handwritten signature in black ink, appearing to read "Vicki Lake".
