

Parking citations issued for failure to display current disabled person parking placards

To clear a parking citation issued for failure to display your current disabled persons parking placard, the following must be provided:

1. Parking Violation Review Request Form
2. Copy of current disabled persons parking placard
3. Copy of the current placard identification card/receipt
 - All placards come with an identification card/receipt that must be carried by the placard owner when using the placard. If you do not have the placard identification card/receipt, please contact the Department of Motor Vehicles.
4. Copy of the Placard Owner's Driver's License or Identification Card
5. Copy of the Parking Citation

If the person contesting the citation is the driver and the driver was transporting a passenger with a disabled placard at the time of the violation, the items 1-5 need to be supplied along with a signed letter from the placard holder stating that he/she was being transported by the driver at the time of the violation.

Administrative Fee - Disabled placard valid but not properly displayed

Pursuant to California Vehicle Code §40226, an issuing agency may charge an administrative fee not to exceed twenty-five dollars (\$25) to process cancellation of a citation in any case where the individual who received the citation can show proof that he or she had been issued a valid placard at the time the citation was received. In such cases, the administrative fee is charged in lieu of collecting a fine for failure to display a disabled placard.
