

## Community Advisory Board Community Improvement Grant Application FY 2017/2018

The Community Improvement Grant (CIG) Program supports community building, improves neighborhoods, and strengthens relationships among residents. Grants can include public and community improvements, community events and practices, and may include other elements and activities. All grant requests must be inclusive, accessible, free of charge to participants, and focus on broad community support.

The Community Advisory Board (CAB) is allocated an annual grant budget for public improvements and community events throughout Santa Rosa. The maximum grant amount is \$5,000, which must be matched by funds or in-kind donations or services. It is a reimbursement grant program. The CAB will review all applications, confirm that all criteria are met, and approve or deny grants.

### Who may apply?

Nonprofits, neighborhood groups and/or associations, homeowner associations, service clubs, community groups and /or organizations, and schools may apply to fund a project in Santa Rosa, including unincorporated Santa Rosa areas. However, applicants do not have to have an established organization to apply for the funds. Any large or small group of neighbors or community members who want to improve where they live can apply for these grants. The funds may be used to improve a street, block, neighborhood, or community.

### What types of projects may be funded?

**Public and Community Improvements:** physical construction/improvement projects. Examples include but are not limited to: murals/public art, benches, park improvements/repairs, community clean-ups, tree planting, graffiti removal, community, school or service club project, signage, creek restoration and neighborhood gardens.

**Community Events and Practices:** activities that create or enhance the sense of community among individuals within a regional area or within a group that shares a common interest. Examples could include block parties, cultural dances, neighborhood meetings or gatherings, trainings, or community lectures.

### What expenses are eligible?

Eligible Grant Expenses include contractor fees, supplies, equipment rentals, permit and insurance fees or costs, other permits related to the project, food, or group trainings.

Costs that are not reimbursable by CIG funds include:

- Costs incurred prior to grant award;
- Indirect costs, ongoing operational costs, or overhead business expenses like rent, mortgage payments, property taxes, utilities, or office supplies;
- Ongoing maintenance, upkeep, landscaping and repairs;

- Fundraising;
- Staff salaries;
- Membership dues;
- New business seed money;
- Individual training or education; and
- Travel

### **What is a grant match and how much is required?**

CIG funds must be matched by funds from other sources that meet or exceed your grant request. These may be actual funds or in-kind donations (e.g. donated supplies, volunteer hours, etc.). All projects **MUST** demonstrate a 1:1 match. For example, a project requesting a \$500 grant must have a minimum of \$500 in matching funds, for a total project budget of \$1,000. The maximum grant amount is \$5,000. However, there is no maximum match funds amount. Please make sure to list all actual funds or in-kind donations going into your project.

### **What are eligible matching funds?**

Donated cash, labor, materials or equipment (or any combination) qualifies as matching funds. This includes volunteer hours. Materials should be valued at market rate, equipment should be based on actual rental rates, and volunteer labor should be valued at \$22.14 per hour per person.

### **What are the criteria for grant evaluation?**

- The Community Improvement Grant Program is designed to support community building, strengthen neighborhoods, and build relationships among residents through public improvement projects and community events and practices throughout Santa Rosa.
- Volunteers and project partners are a significant component of this process. Applications should reference the partnering organizations, individuals, and associations who are involved in the project. If there are questions about possible partnerships, contact your CAB representative for information before completing this application. CAB webpage: [www.srcity.org/CAB](http://www.srcity.org/CAB).
- **Projects must have clear neighborhood and community support.** Projects should demonstrate this support and what value this project will add to the community. Support may be demonstrated through letters of support or petition.
- The budget should be well thought out, reasonable, and realistic. Applicants are encouraged to explore other supplemental funding sources to show diverse support for the project.
- Geographical sphere of influence or a social sphere of influence, description of how many people will benefit from your project.
- Projects should reflect environmental consciousness regarding materials, energy, and conservation.
- Community Improvement Grants (CIG) can best serve the community by making each program, event and practice funded through CIG as broadly accessible as possible. This means creating opportunities for people of all abilities and thinking expansively about how to be widely inclusive, welcoming, and collaborative. All projects, programs or events funded by the CIG grant program need to meet these requirements.
