

Utility Tax Notice

The City of Santa Rosa's Utility Users Tax has an annual maximum cap of \$1,000 per utility (telephone, electricity, gas and cable TV). If your annual bill for any one of the utilities mentioned above exceeded \$20,000 during the tax year beginning September 1, 2018 and ending August 31, 2019, you may be eligible for a refund of any excess tax you may have paid. Utility bills exceeding \$20,000 per year would usually only apply to commercial accounts. Note should be taken however, that anyone metering or measuring gas and/or electricity and "reselling" it to others may not qualify for a refund.

If you believe you are entitled to a refund or need instruction in determining your eligibility, visit our web site at:
