How to Read These Maps

Start asking people to draw or dot their "neighborhoods".

And then, in a different color to draw their "affiliated neighbors".

We discuss the need to include 25,000 people in a District and guess how big an area that is.

They get to see Maps Option D/E and the Chamber Map.

I ask them 4 questions:

1. **Sequencing**
   a) 3 incumbents
   b) Random/lot/lot/lot
   c) Supercomputer
   d) Roseland 2018 (or 2020)

2. Roseland has a single block or 3 South West, are 2 blocks.

3. **Cross 101** North/Central/South, all home which

4. **If forced to choose - option D/E or Chamber**
Legend

City of Santa Rosa
Sonoma County

1. Residency must
2. One voting block
3. Cross 101 in middle
4. Map D
