

Residential Parking Permit Guidelines

Residential parking permits shall be issued by the Parking Division in accordance with requirements set forth in City Code §11-44.070. Each permit identifies the residential permit parking area for which it is issued. No more than one permit shall be issued for each vehicle for which an application is made. The Director of Finance may issue rules and regulations governing the issuance and display of residential parking permits. (Ord. 2752 §2, 1989; Ord. 2713 §2)

Issuance of a residential parking permit does not guarantee or reserve to the permit holder an on-street parking space within the designated residential permit parking area. **No more than three (3) permits shall be issued for each approved address/unit.** Permits of any type are not valid when displayed in a vehicle with expired registration tags.

There are several different types of permits that are issued within the Residential Parking Permit program. Below is the list of different types available. Permits **highlighted below** require two business days advanced notice. Please call the Parking Front Counter at 707-543-3325 or email at srparking@srcity.org if you have any questions about the residential permits available.

<p>Permanent Residential Permit - Digital This is the most common type of residential permit. The license plate of the vehicle will serve as the permit number and residents will have an online portal to manage their account once the permit is issued by City staff. A permanent residential parking permit may only be issued to an applicant who is currently a resident of an eligible address within a residential permit zone; and is the registered owner of the vehicle for which the permit is to be issued per City Code §11-44.080. Vehicles must be registered at the residential address or a PO Box. A \$20 processing fee is applied.</p>	
<p>Permanent Residential Permit – SRJC Zones This permit is a plastic hangtag that is to be displayed from a vehicle’s rear-view mirror. A permanent residential parking permit may only be issued to an applicant who is currently a resident of an eligible address within a residential permit zone; and is the registered owner of the vehicle for which the permit is to be issued per City Code §11-44.080. Vehicles must be registered at the residential address or a PO Box. A \$20 processing fee is applied.</p>	

Non-Resident (Landlord) Permits
 A non-resident permit may be issued to the non-resident owner of a property within a residential permit parking zone. This permit is only valid in the vehicles that are owned by the non-resident owner and is non-transferable. Those vehicle's license plate numbers are recorded on the permit. The non-resident owner must complete a residential permit application, provide current vehicle registration and proof of property ownership, pay a \$20 processing fee, and is renewed annually on the same schedule that the permanent residential permit would renew. Issuance of a non-resident permit may not cause an address to exceed the maximum residential permit allotment of three permits per address/unit.

Short-Term Renter

A short-term renter permits are available to tenants with a short-term rental agreement for 1 month – 6 months.

Residents in zones issued digital permits will receive digital permits for the duration of their rental term and have access to the online portal during that time. Residents in the SRJC zones will be issued a laminated paper with the dates of their rental term. The short-term renter will be issued a permit with an expiration date that matches the end of their rental term; therefore, the rental agreement must be provided during application. The applicant must have a valid driver’s license, but it need not be a California license, and provide proof of a current registered vehicle. Short-term renter permits are transferable. Issuance of a short-term renter permit may not cause an address to exceed the maximum residential permit allotment of three active permits per address/unit. A \$20 processing fee is applied.
