WHEREAS, United States Income Tax Regulations section 1.150-2 provides generally that proceeds of tax-exempt debt are not deemed to be expended when such proceeds are used for reimbursement of expenditures made prior to the date of issuance of such debt unless certain procedures are followed, one of which is a requirement that prior to the payment of any such expenditure, the issuer declares an intention to reimburse such expenditure; and

WHEREAS, it is in the public interest and for the public benefit that the City declares its official intent to reimburse certain of the proposed expenditures referenced herein; and

WHEREAS, the City Council is aware of proposed State legislation that would change the requirements of the abbreviated form of the measure imposed by California Elections Code section 13119, which proposed legislation may become effective prior to August 10, 2018; and

WHEREAS, in order to initiate proceedings to provide for the financing of the Improvements through the issuance of general obligation bonds approved by the voters, the City Council must make certain findings and determinations under the Bond Law.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Santa Rosa hereby resolves as follows:

Section 1. Declaration of Necessity to Issue Bonds. The public interest and necessity demand the acquisition, construction, and completion of the Improvements and the City Council

has decided to issue the Bonds to finance the cost thereof, subject to completion of the proceedings required by the Bond Law.

Section 2. Call for Election. The City Council hereby orders that there be submitted to the qualified voters of the City a proposition on issuing the Bonds, in the form attached hereto as Exhibit A (the "Measure"), at the regular election to be held on November 6, 2018. The City Council hereby requests the Board of Supervisors of the County of Sonoma (the "County") to consolidate this election with the statewide general election to be held on that date and to take any and all steps necessary for the holding of the consolidated election.

The consolidated election shall be held and conducted in the manner prescribed by Elections Code section 10418, and said election shall be held in all respects as if there were only one election and only one form of ballot shall be used. WHEREAS, the City may have the opportunity to leverage state and federal funds allocated for affordable housing if it issues bonds to finance affordable housing projects.

Section 2. Object and Purpose of Bonds. This measure (the “Measure”) authorizes the issuance of general obligation bonds (the “Bonds”), the object and purpose of which is to advance housing recovery and finance, by the City or a third party, the acquisition or improvement of real property for affordable housing for low-income and middle-income families, veterans, seniors, persons with disabilities and other vulnerable populations, and for supportive housing for persons experiencing homelessness.

The Improvements will be completed as needed, and each is assumed to include its share of costs, including planning, program management and construction costs. The final cost of each Improvement will be determined as real property is purchased, plans are finalized, construction bids are awarded, or projects are completed.

The Bonds will be issued in one or more series, in the maximum amount and for the objects and purposes set forth herein if two-thirds of all qualified voters voting on the proposition set forth above vote in favor thereof. The Bonds will be general obligations of the City payable from and secured by taxes levied and collected in the manner prescribed by laws of the State of California. All of the Bonds shall be equally and ratably secured, without priority, by the taxing power of the City. Proceeds of the Bonds may be used to reimburse the City for amounts advanced from the general fund or other funds or accounts to acquire real property when such purchases are made prior to the availability of Bond proceeds.

EXHIBIT B

TAX RATE STATEMENT

An election will be held in the City of Santa Rosa (the “City”) on November 6, 2018, to authorize the sale of up to \$124 million in bonds of the City to finance the specific projects listed in the bond measure. If such bonds are authorized, the City expects to sell the bonds in one or more series. Principal and interest on the bonds will be payable solely from the proceeds of ad valorem tax levies made upon the taxable property in the City. The following information is provided in compliance with sections 9400-9404 of the California Elections Code. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the City, and other demonstrable factors.

Based upon the foregoing and projections of the City’s assessed valuation:

1. The best estimate of the average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement is \$0.029 per \$100 (or \$29 per \$100,000) of assessed valuation of all property to be taxed. The best estimate of the final fiscal year in which the tax is anticipated to be collected is 2048-49.
2. The best estimate of the highest tax rate that would be required to be levied to fund the bond issue, based on a projection of assessed valuations available at the time of filing this statement is \$0.029 per \$100 (or \$29 per \$100,000) of assessed valuation of all property to be taxed. The best estimate of the first fiscal year in which the highest tax rate will apply is 2019-20.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$ 258,500,000.

Voters should note that such estimated tax rates are specific to the repayment of bonds issued under this authorization and are and will be in addition to tax rates levied in connection with other bond authorizations approved or to be approved by the City or any other overlapping public agency.

Voters should note that estimated tax rate is based on the ASSESSED VALUE of taxable property on Sonoma County’s official tax rolls, not on the property’s market value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner’s exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills to determine their property’s assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts or durations and are not binding upon the City. The actual debt service amounts, tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale,

and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the City based on need for funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the City as determined by the Sonoma County Assessor in the annual assessment and the equalization process.
