

Housing Opportunities for Persons With AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 01/31/2021)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

PART 4: Summary of Performance Outcomes

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

PART 5: Worksheet - Determining Housing Stability Outcomes

PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department’s standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household

Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client’s case management, treatment and care, in line with the signed release of information from the client.

Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee’s program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

Final Assembly of Report. After the entire report is assembled, number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee’s State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See *24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 24 CFR 200.307.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

The City of Santa Rosa is the Grantee that receives HOPWA funding. The Housing and Community Services (HCS) department administers the City's contract with its program sponsor, Face to Face. Through Face to Face, the City provides HOPWA services to qualified participants throughout Sonoma County. HCS offers a variety of housing programs to provide safe, sanitary affordable housing for lower income residents of Santa Rosa. Santa Rosa's 2016 – 2020 Amended Consolidated Plan identified seven goals to address the City's housing and community development needs between 2016 and 2020:

- Increase supply of affordable rental housing for the City's lowest income households;
- Preserve existing affordable housing stock;
- Provide housing and services to special needs populations;
- Increase access to homeownership opportunities for City residents;
- Provide funding for public facilities and improvements;
- Promote economic development activities in the City; and
- Provide housing assistance and related supportive services to low-income persons living with HIV/AIDS and their families.

Based on the findings in the Amended Consolidated Plan, the City has prioritized its Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Housing Opportunities for Persons with AIDS (HOPWA), and local funds for affordable housing purposes and homeless services.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

Face to Face (F2F), the City's Program Sponsor, met or exceeded all program goals except for the number of program participants served through Case Management. The low number of program participants served through Case Management is because participants that F2F thought would need Case Management instead needed Housing Information Services. F2F did not turn away any clients that requested Case Management services.

The use of Short Term Rent Mortgage and Utility Assistance (STRMU) was slightly over expectation with 39 participants using the fund compared to the projected 35. F2F expanded the use of mortgage assistance through increased publicity of the program and active outreach to program participant homeowners that F2F knew were facing financial crises. STRMU doubled the number of participants it served this year over the average of the past several years. By leveraging the Ryan White Program funds, F2F supplemented the STRMU Emergency Rental Assistance with another \$38,628.45 in rental assistance and \$148,132.59 in emergency shelter (hotel/motel assistance) for participants. The Ryan White HIV/AIDS Program provides a comprehensive system of care that includes essential support services to people living with HIV/AIDS.

F2F meets with most program participants in its Santa Rosa office but has an agreement with Russian River Health Center to use their space to meet with participants living in the West County area that are unable to come in to meet with F2F at its office. In addition, F2F also meets with program participants in their homes, hotel rooms, at partner locations, and in the hospital when necessary. This has assured that F2F is serving HIV+ individuals throughout the county.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

F2F experienced success in enabling HOPWA beneficiaries to establish and better maintain a stable living environment and safe housing. F2F added 5 households to the Tenant Based Rental Assistance (TBRA) program, securing safe and stable housing for each. In addition, another 5 households have TBRA vouchers and are seeking housing at this time. Of the clients on the program, one had been homeless on the streets, suffering severe mental health challenges which he was coping with through substance use. Now, safely housed with the support of TBRA he has begun to engage in mental health and substance abuse treatment and is working intermittently.

The demand for Short Term Rent Mortgage and Utility (STRMU) assistance was lower than expected. F2F was able to supplement the rental assistance with Ryan White funds, opening up more money to support those with mortgage and utility needs. F2F did not refuse any eligible applicant funds.

The decrease in demand for STRMU and TBRA funds allowed F2F to provide transitional short-term facilities through hotel/motel vouchers. These vouchers were used to support the most vulnerable homeless clients in engaging in healthcare and moving towards permanent housing. The clients enrolled in the program had been offered a TBRA voucher or were being referred to Shelter Plus Care. The hotel/motel assistance assisted these clients in re-engaging in healthcare, making necessary appointments to progress towards securing permanent housing, and obtaining safety. Clients selected were unable to function in traditional shelters. One client was able to flee a dangerous situation he was in by moving into a hotel. Once there, working with a case manager, he reconnected with family and moved across the state to live with them. He explained that this would not have been possible without the reprieve the hotel program offered.

F2F found this year that the clients that requested financial assistance for mortgages were in dire circumstances, requiring assistance for several months in order to avoid foreclosure.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

F2F coordinates with the Sonoma County Housing Authority to provide rental assistance to program participants through the Shelter Plus Care program. This allocation of over \$550,000 allows F2F to provide permanent supportive housing to approximately 68 households. In addition, F2F is an active member of the Sonoma County Continuum of Care and works with its partners to identify resources that can support program participants. To augment HOPWA assistance, F2F fundraises for and administers an AIDS Emergency Fund to provide rental assistance to HIV+ individuals who are not eligible for HOPWA funds. F2F contracts with Santa Rosa Community Health to provide Ryan White Program rental assistance and emergency housing (hotel/motel), and works with the San Francisco Chronicle’s Season of Sharing fund to access monies to assist program participants with basic needs.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries. No technical assistance needs have been identified at this time.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program’s ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program’s ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

The primary barrier is the lack of available housing in Sonoma County due to a vacancy rate around 1%. While Sonoma County has faced a 1% vacancy rate for several years, this year the devastating fires exacerbated the problem, destroying thousands of homes and resulting in higher rents and greater competition for available units. The lack of housing availability is compounded by lack of rental history, poor credit history, and criminal justice history among homeless apartment-seeking program participants. While many in the community have been able to offer rental payments up front, F2F participants must try to convince property owners to work with F2F or other housing subsidy providers. Several property owners either refuse to accept housing authority vouchers or rent units for rent

amounts that are far above Fair Market Rent (FMR). F2F is working to establish relationships with private landlords in the community to encourage them to rent at or below FMR to program participants. F2F offers increased Case Management to the program participants in these units to support them in maintaining their housing and continuing a positive relationship with the property owner. In addition, F2F works with program participants to support them in presenting themselves in a favorable light to prospective landlords.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

This year, F2F contracted with Santa Rosa Community Health Centers to provide Ryan White Program-funded housing case management and homeless patient navigation, emergency food assistance, transportation assistance, and emergency shelter (hotel/motel assistance). We believe this funding will continue in the coming year, allowing us to continue augmenting the HOPWA services provided with additional funds.

The implementation of a Coordinated Intake process throughout Sonoma County has impacted the program participants chosen for Shelter Plus Care by prioritizing the most vulnerable. These clients often require far more intensive Case Management and Housing Information Services than the average client.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.
None

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

2. Program Income and Resident Rent Payments

In Section 2, Chart A, report the total amount of program income and resident rent payments directly generated from the use of HOPWA funds, including repayments. Include resident rent payments collected or paid directly to the HOPWA program. Do NOT include payments made directly from a client household to a private landlord.

Note: Please see report directions section for definition of program income. (Additional information on program income is available in the HOPWA Grantee Oversight Resource Guide).

A. Total Amount Program Income and Resident Rent Payment Collected During the Operating Year

Program Income and Resident Rent Payments Collected		Total Amount of Program Income (for this operating year)

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

Data Check: The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].
 In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor’s best assessment for stability at the end of the operating year.
 Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:	
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	86
b. Case Management	263
c. Adjustment for duplication (subtraction)	72
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)	277
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:	
a. HOPWA Case Management	N/A
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	N/A

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

1c. Households that Obtained Employment

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

Note: This includes jobs created by this project sponsor or obtained outside this agency.

Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.

PART 5: Worksheet - Determining Housing Stability Outcomes (optional)

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is optional.

Permanent Housing Subsidy Assistance	Stable Housing (# of households remaining in program plus 3+4+5+6)	Temporary Housing (2)	Unstable Arrangements (1+7+8)	Life Event (9)
Tenant-Based Rental Assistance (TBRA)

Short-Term Rent, Mortgage, and Utility Assistance (STRMU)				
Total HOPWA Housing Subsidy Assistance				

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

- 3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.
- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

- 1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).
- 7 = Jail /prison.
- 8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities**A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance**a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.
