It is the policy of the City of Santa Rosa that all City sponsored public meetings and events be physically and programmatically accessible to people with disabilities. This checklist has been developed in order to assist City departments in assessing potential sites and to ensure that all City meetings and events comply with Federal and State law in being accessible to persons with disabilities.

**Department ADA Coordinators or designated department staff** are responsible for ensuring that this form is completed and that accessibility is verified at least 10 working days prior to any city-sponsored public meeting or event. It is not necessary to fill out this form more than once for regularly scheduled City meetings, so long as the ADA Coordinator of the Department continues to ensure that the provisions herein are being complied with at each meeting. If upon filling out or reviewing this form, it is apparent that additional information is required, or it appears that the meeting or event cannot be made physically or programmatically accessible, please contact the City ADA Coordinator to discuss possible alternative solutions or sites.

**Section One** of this checklist is designed to assess compliance with “programmatic” accessibility standards, to ensure that events will be accessible not only to persons with physical disabilities, but to people with sensory, cognitive, and other disabilities, as well.

**Section Two** of this checklist is designed to ensure that potential meeting sites and event locations comply with physical accessibility standards.

Individual Terms that are underlined are defined in the Definitions section of this document.

Please provide comments as needed.

NOTE: ITEMS LISTED FIRST AND IN **BOLD** ARE MINIMUM REQUIREMENTS. PLEASE DO NOT CONSIDER HOLDING A PUBLIC EVENT WITHOUT THESE IN PLACE ITEMS LISTED LAST, IN *ITALICS* ARE STRONGLY RECOMMENDED.

## **Accessible Public Event Policy: Definitions**

**Accessibility information** – Meeting or Event Notice shall include information on how to request accommodations, including alternative formats or auxiliary aids and services, notice of wheelchair accessibility, and information on whom to contact to make accommodation requests. Please see "Sample Accessible Meeting Notice," and "Sample Accessible Event Notice" below.

**Accessible dais** – A fixed or mobile public speaking location that includes a table or podium that is no higher than 34" on which a microphone can be placed.

**Accessible drinking fountains** – Drinking fountain with the bubbler no higher than 36" with knee clearance underneath that is 27" high x 18" minimum deep.

**Accessible exhibit materials** – Alternatives that provide equivalent exhibit information for people with sensory disabilities in a manner appropriate to the program material. Examples include but are not limited to:

1. Titles of work and narrative using large 14 point san serif fonts on a high contrast background
2. Taped audio descriptions of photographs/artwork
3. Tactile replicas of art objects
4. Captioning of video or film presentations
5. Trained staff available to provide descriptions or tours

**Accessible surface** – Firm, stable and slip resistant surfaces, such as concrete, asphalt, wood, carpet, etc. Grass, wood chips and sand are not accessible surfaces.

**Accessible parking** – parking which is set aside for exclusive use by people with disabilities, located near the accessible entrance to the facility. Note: temporary accessible spaces can be created using signs and cones, provided that dimensional requirements are met (contact the San Francisco Department of Parking and Traffic for temporary signage).

**Accessible portable toilets and sinks** – Toilets and sinks that meet state and federal requirements for accessibility. Acceptable toilet manufacturers include but are not limited to Satellite and L&L Manufacturing. If one unit is to be provided, it must be accessible. When multiple units are provided, a minimum of one-unit with 10% of the total units provided shall be accessible. Accessible toilets and sinks shall be disbursed among the various locations and located on a level area, along an accessible route with an accessible surface. At each location there should be at least one accessible toilet and sink available. **Please note: this information is provided for situations in which the general public will be using portable toilets. A portable, accessible toilet is NEVER equivalent access if the general public is using in-door toilets.**

**Accessible restrooms** – Restrooms that are located on an accessible route and contain accessible features including grab bars in bathroom stalls, wide bathroom stalls, etc.

**Accessible route** – A continuous unobstructed path connecting all accessible elements and spaces of a building or facility. Interior accessible routes may include corridors, floors, ramps, elevators, lifts, and clear floor space at fixtures. Exterior accessible routes may include parking access aisles, curb ramps, crosswalks at vehicular ways, walks, ramps, and lifts.

**Accessible tables** – A table providing knee space that is a minimum of 27” high, 30” wide and 19” deep knee space with the tabletop no higher than 34”.

**Accessible Telephones** – Telephones that are located on an accessible route, mounted at 48” from the floor to the coin slot and have volume controls.

**Assistive Listening Device** – A device that takes a signal from a microphone or public address system and sends it to a personal amplification system. Assistive Listening Devices (ALD’s) can be procured through companies who provide public address systems (see Resource lists). City Hall Council Room is equipped with Assistive Listening Devices.

**Captioned** – Video or film program with subtitles reflecting the content of the spoken or descriptive material.

**Directional Signage** – Include the International Symbol of Accessibility (ISA) with the directional signage.

**Hazards to blind or visually impaired participants** – Pedestrian and participant areas shall be clear of objects (including plant branches and public art) which overhang less than 80” from the floor surface, or wall, and post mounted or freestanding objects that protrude 4” or more between 27” and 80” above the floor or ground.

**Portable wheelchair lift** – A lift that is not built into the structure but can be available for a specific event. .

**Seating location** - Accessible seating must be situated so those individuals who cannot stand can view the meeting or event over seated or standing participants. Seating for persons who are deaf must be provided in a location near the stage/presentation area with direct view to the stage/presentation location of sign language interpreters.

**Seating ratio** – The number of accessible seats in relation to the number of seats provided as follows:

1 to 25=1 seat

26 to 50=2 seats

51 to 300=4 seats

301 to 500=6 seats

over 500=6 plus one additional space for each increase of 100

**Wheelchair and companion seating** – Seating for wheelchair users and adjacent seating for individuals accompanying wheelchair users.
