Caltrans, in partnership with the City of Santa Rosa and Sonoma County Transportation Authority, invite you to an online public meeting for the U.S. Highway 101 Bicycle and Pedestrian Overcrossing Project. This Project proposes to build a Class I shared-use, American with Disabilities Act compliant, bicycle and pedestrian bridge over U.S. 101 north of College Avenue, near the Santa Rosa Junior College and Santa Rosa High School, to provide a more comfortable connection between the east and west sides of Santa Rosa. Meeting attendees are invited to learn about the Project’s Draft Environmental Document, which is being circulated for public review and comments between June 22, 2020, and July 24, 2020.

Questions and comments may be directed to:
