Summary
Following another challenging year, the long-term outlook for the local tourism industry is positive with steady growth and optimism. A study by Dean Runyan Associates placed total 2021 Sonoma County visitor spending at $1.97 billion, a 58% increase over 2020, which saw the greatest COVID driven uncertainties and impacts to the tourism industry. Despite these gains, visitor spending still lags pre-pandemic numbers when overall tourism spending was $2.2 billion in 2019, though there are signs that 2022 will be a promising year for improvement notwithstanding the uncertainty around COVID variants. Already hotel revenues in Sonoma County through April 2022 are 20% higher than last year, with consumer confidence continuing to grow, Per Moody’s Analytics.

Leisure/hospitality employment was cut in half at the onset of the pandemic and is only starting to recover. While payrolls improved in each of the last three months and sit at their highest level in nearly a year, they remain 30% below their pre-pandemic levels when 2019 local employment figures showed 22,358 workers specific to tourism, which was a 4,718 gain over 2018.

Anecdotal indicators pointing to a positive year in destination spending include the resumption of long-standing tourist-friendly events such as Russian River Brewing Company’s Pliny the Younger beer release, and Taste of Sonoma which attract Bay Area visitors, as well an uptick in weddings and other such functions. In general, the vaccination rollout, falling case counts, and removal of COVID_19-related business restrictions have paved the way for an increase in business activity and improvement in the hospitality sector.
Overview

SANTA ROSA TOURISM BUSINESS IMPROVEMENT AREA

The SRTBIA was established by Ordinance 3946 on August 3, 2010, creating a public-private partnership between the City of Santa Rosa, the Santa Rosa Metro Chamber, and Santa Rosa lodging establishments.

The SRTBIA is a 3% assessment collected by the City of Santa Rosa on lodging operators within Santa Rosa city limits. On a quarterly basis, the lodging establishments remit these funds to the City. After a 2% City administrative fee is deducted from the total funds remitted, the remaining 98% of the funds are disbursed as follows:

- **30%** of the funds collected are allocated to and managed by the City’s Economic Development Division to support destination brand and tourism infrastructure programs.

- **70%** goes to the Santa Rosa Metro Chamber for their Convention & Visitors Bureau and Welcome Center operations & services (aka Visit Santa Rosa)

The Assessment provides for efficient and complementary tourism infrastructure support, destination marketing, tourism and group sales programs that encourage and support overnight stays.

ASSESSMENT BOUNDARIES (participating businesses)

Lodging businesses are those operating within the Santa Rosa city limits and include hotels, motels, bed and breakfast inns, short-term occupancies, and all similar lodging businesses.

AUTHORIZED USES (Ordinance 3946, Section 6-56.290)

The purpose of forming the SRTBIA as an assessment area under State law was to provide revenue to defray the costs of services, activities, and programs that promote and encourage tourism within Santa Rosa to the benefit of the assessed lodging establishments.

Revenues from assessments may be used for programs, services, and activities inside or outside Santa Rosa if such programs, services, and activities promote and encourage overnight visits to the city. Revenues may also be used to pay or reimburse administrative costs incurred by the Chamber or the City in connection with the creation of the SRTBIA and the ongoing administrative costs associated with marketing and event activities.
Advisory Board

The SRTBIA Advisory Board is comprised of five members appointed by City Council as follows:

- One Santa Rosa Metro Chamber employee
- One City of Santa Rosa employee
- Three hotel operators, at least one of whom is employed by a full-service hotel, and one of whom is employed by a select-service hotel

The role of the Advisory Board is to advise the City Council on the amount of the Area’s assessments and on the services, programs, and activities to be funded by the assessments. The Advisory Board is required to meet at least quarterly; the meetings are open to the public and are held through Zoom until further notice. The Advisory Board met a total of 6 times in 2021 (bi-monthly).

HOTEL OCCUPANCY – SONOMA COUNTY

OCCUPANCY RATE DETERMINATION
The occupancy rate is determined by dividing the total room nights sold by the total room nights available for purchase. The average annual occupancy in 2020 was 53%.

ANNUAL AVERAGE DAILY RATE (ADR)
The average daily rate (ADR) represents the average amount spent on accommodations by a visitor per room night in Sonoma County. This number has increased every year since 2010 until 2020 when the ADR dropped to below $100. For 2020, the average daily rate fell by 22.7% over the previous year to $140. With COVID travel restrictions lifted, Sonoma County’s 2022 ADR is trending above previous years.
AIRPORT TRAVEL TRENDS

Arrivals at Charles M. Schulz-Sonoma County Airport plummeted 60% after bringing in 488,000 passengers in 2019. Prior to 2020 passenger traffic at the Airport had increased each year. During the slow period, the Airport initiated construction of its Terminal Improvement and Modernization Project, which is expected to be completed by fall of 2022.

Year-over-year numbers for April show a 36% increase over the pre-COVID high of 34,056 passengers for an April 2022 new high of 53,065 passengers.
Travel Impacts

Sonoma County Tourism commissioned Dean Runyan and Associates to create a special report showing revenue generated to each of the municipalities from the tourism industry.

FY 2021-2022 Accomplishments
City of Santa Rosa

OUT THERE SR CAMPAIGN
In 2021, the Economic Development Division, in partnership with the Public Art Program, hired Santa Rosa-based design firm Studio B to rebrand and refresh Out There SR, to serve as a visitor destination and local pride campaign designed to highlight the city as the urban center of Sonoma County. Focusing on attracting a younger more alternative demographic who is looking for unique experiences, local pride is being achieved by building relationships within the community and highlighting diversity and uniqueness. Community presence is being built through boots-on-the-ground exploration and relationship-building, establishing a core group of “Out There Insiders” – serving as ambassadors to the campaign, and event support to local cultural activities such as Winterblast in the SOFA district and the Railroad Square Music Festival, among other tactics.

A new Out There SR website was launched in April 2022 featuring over 100 local options for unique experiences and continues to be updated every month. A priority has been building our audience and deepening the user experience through video shorts on social media. This drives social interaction and continues to increase the engagement on both the website and social platforms.
Since its launch, the website has had 1,737 views, with increases seen during initial launch, event promotion and high social engagement items. The average time on the site is 1m 28s, which is not surprising given the site is designed to link out directly to featured people/places, and most visits are social media driven. Social media reports show Facebook reach has grown 322.4% since launching the new website, and Instagram reach has grown 903.6% with over 33,000 unique accounts viewing our content. Facebook page visits increased by 43.9% and Instagram page visits increased by 160.8%. The Facebook page has gained 112 new likes, and the Instagram page has gained 268 new followers.

The key takeaways are the OutThere SR rebrand has been effective on social platforms; the artists, people, businesses and events featured have helped us grow; and reels, videos and content featuring people have been the biggest asset to growth.
STRATEGIC PLANNING

Driven by community inequities highlighted and intensified by the longevity of the pandemic, the Economic Development Division developed a plan to demonstrate the City’s long-term vision for a healthy and thriving Santa Rosa community by centering equity and targeted universalism. As seen below, the theory of change articulates how the Economic Development Division will fulfill the vision of a healthy and thriving Santa Rosa community, fueled by the exchange of diverse ideas, innovative practices, and collective responsibility.

MAJOR HOTEL RENOVATIONS

Flamingo Resort
Remodel completed June 2021
The Flamingo Resort is a mid-century marvel and was the place to see and be seen in Santa Rosa of the late 1950s. Patterned after the horizontal glass and stone design of Las Vegas' Flamingo, wings of rooms fanned out from a resort-size pool and manicured gardens, all topped by a big, pink bird revolving atop a landmark 50-foot tower. The buildings, rendered with natural materials and iconic angular silhouettes, are the work of master architect Homer A. Rissman and was declared a Historic Landmark in 1996.

Dolan's Den - 2021
Local owners Derek and Trinh Dolan have always appreciated restaurants and bars, never missing a date night at any one of Trinh’s favorite spots. While working in the corporate world, Trinh would always dream of bartending or cooking up one of her amazing meals for the reward of putting a smile on a stranger’s face. Born in Vietnam and raised as an Airforce brat, Trinh spent her childhood in different countries and was exposed to many different cultures. Derek–born in San Francisco and raised in Sebastopol–always had one foot in the city and one in the country. He decided to follow in the footsteps of his grandpa and great-grandpa and is working as a Local 38 plumber in San Francisco. The thought of a career change often crosses his mind but for now, plumbing is first. Derek spends his free time supporting Trinh’s dream of owning a bar and grill during an unprecedented time of entering the restaurant business.

Crumbl Cookies - 2021
Local owners Jim and Moley are successful restaurateurs from Ukiah and their son Chris, and his wife Caley (from Petaluma) decided as a family to jump headfirst into this incredible fun adventure. A rotating menu with 120+ specialty cookies is made fresh daily, and they’re baked in an open kitchen for all cookie-lovers to see up close! They are still looking for that quintessential Santa Rosa/Sonoma County cookie to add to their offerings.

Falafel Hut 2 - 2021
Owner Mohamed Shawa opened his first restaurant, Falafel Hut, in 2006 with his father in San Rafael. Since then, he’s been serving up authentic Middle Eastern cuisine reminiscent of his Palestinian heritage — shawarma, kebabs, gyros, and, of course, falafel. His recipes, inspired by his mother’s cooking, come straight from Palestine, a place he’s visited for long stretches of time over the years (he even got married there) and where his cousin has been a chef for thirty years. And now, he’s going into business with his cousin, Asem Alshawwa, to open Falafel Hut’s sister restaurant, Falafel Hut 2 in Santa Rosa.

ACME features Sonoma Mountain Beef burgers (locally raised, hormone and antibiotic free, grass-fed and grain finished), Willie Bird (local) turkey burger, the Impossible Burger (plant-based protein), Bodega Bay rock cod, and a comprehensive menu of freshly prepared sides and salads.
