- 2) Purchase/lease a qualifying high efficient commercial washing machine
 - a) Install qualifying replacement machine at eligible facility (must be installed at location with Santa Rosa Water service)
- 3) Complete application and submit with purchase receipts or lease agreement that includes model numbers
 - a) Mail to: Santa Rosa Water – Water Use Efficiency – 69 Stony Cir – Santa Rosa, CA 95401
 - b) Applications that are incomplete or missing receipts/lease agreements will not be processed.

Applicant:

- I declare under penalty of perjury under the laws of the State of California that I am the owner, certified route operator or tenant of the property described herein (if a tenant or route operator, I have obtained the express written approval of the property owner to replace the washing machines with qualifying high efficient models). I also certify that I have completed all of the work described within this application. I agree to retain the new washing machines in this location or replace them in the future with fixtures conforming to equal or better standards. If I am a route operator, I agree to retain the new washing machines in this location for the term of the lease, or a minimum of 5 years, whichever is more.
- I agree that the City has, with prior written notification, the option to inspect this installation up to five years from this date.
- I understand that this rebate is provided for the replacement of existing machines, and may not be applied towards the purchase of new machines where conventional clothes washing machines did not already exist.
- I understand that the City will provide me with a rebate up to \$350.00 per washing machine replaced with qualifying models.
- I understand that the rebate amount will not exceed the documented materials cost of the upgrade. I have attached the receipts for the cost of the machines.
