

Traffic Signs

Signs help pedestrians and motorists move safely on the roads and provide warnings of possible danger. We see signs on the road every day but **do we really know what they mean?**

Activity Instructions:

Write the meaning of the sign and why it is important next to it.

Sign	What does it mean?	Why is it important?
		
		
		
		
		
		

Just for Fun... On a clean sheet of paper draw your own safety sign. Make sure it is easy to read and is easy to understand.
